

DEPARTMENT OF GENERAL MEDICINE
DR. RAM MANOHAR LOHIA INSTITUTE OF MEDICAL SCIENCES
Vibhuti Khand, Gomti Nagar, Lucknow, Uttar Pradesh – 226010

Department of General Medicine, Dr. RMLIMS, Lucknow

Vision

The Department of Medicine envisions to be a centre of excellence in Internal Medicine by delivering high-quality medical education, advancing clinically relevant research, and providing comprehensive primary, secondary, and tertiary healthcare services.

It strives to integrate evidence-based practice with compassionate patient care to improve clinical outcomes and patient experience. The Department is committed to preventive health initiatives and meaningful community engagement.

Through academic integrity, ethical conduct, and professional responsibility, the Department aims to translate scientific knowledge into effective healthcare services that benefit individuals and society at large. We thrive to ignite the minds of budding doctors for innovative thinking, integration of digital health technologies and medical devices for teaching- learning and patient care. The department will also promote research in integrative medicine and foster *Bhartiya Gyan Parampara* to generate high-quality clinical evidence for benefit of patients.

Mission

The mission of the Department is to develop competent, ethical, and socially responsible physicians through structured training and clinical exposure. This will be achieved by focusing on the following key areas:

1. Academic Excellence

- Provide structured undergraduate and postgraduate teaching.
- Encourage analytical, innovative thinking and clinical reasoning.
- Promote integration of knowledge across medical disciplines.

2. Clinical Competency

- Train students in systematic history taking and comprehensive physical examination.
- Develop skills in rational investigation planning and interpretation.
- Foster evidence-based clinical decision-making.

3. Research & Critical Appraisal

- Encourage critical evaluation and application of scientific literature.
- Promote research activities addressing regional and national health needs including Indian Knowledge system.
- Translate research outcomes into improved patient care practices.

4. Professionalism & Ethics

- Instil integrity, accountability, and ethical medical practice.
- Promote lifelong learning and continuous professional development.
- Encourage responsible conduct and teamwork.

5. Holistic & Compassionate Care

- Deliver patient-centred care addressing biological, psychological, and social aspects of illness.
- Foster empathy towards patients, families, and the community.

6. Community Responsibility

- Undertake community-based health programs targeting prevalent diseases.
- Contribute to public health services and preventive strategies.

The Department remains committed to achieving medical excellence while upholding the highest standards of professionalism and service.
