

---- CME Postponement Notice ----

The CME on “**Current Perspectives on Pharmacovigilance: Present Scenario & Future Challenges**” which was scheduled on 22nd July 2022 has been postponed to **6th August 2022**, as one of our esteemed Guest Faculty has tested positive for COVID-19 and he is having moderate symptoms due to which even online mode of lecture is not possible. We wish him a speedy recovery.

We hope to conduct the CME with the same enthusiasm and spirit on **6th August 2022** with all our esteemed Guest Speakers and Delegates.

We are extending the last date of Registration (Online) till 31st July 2022.

We regret the inconvenience caused.
