## RULES AND REGULATIONS FOR HOSTEL

### OBJECTIVE

*Hostels for students are run with the primary objective of providing them a “Home away from home” where they can feel at ease and put in their best. The hostel atmosphere certainly provides self-confidence, instills discipline in the minds of students, and provides scope for developing ideals of a harmonious communal living to enable them to share the joys of camaraderie, fellowship and professional fraternity. Self-help and a spirit of accommodation for the common good are some of the virtues expected from the inmates.*

The guiding principle towards the formulation of the rules and regulations for hostelites is to ensure a safe, secure, comfortable and pleasant stay and to create an environment, which is conducive to learning. To this end, all the activities are geared towards your development and progress. We expect our students to develop a sense of belonging towards Dr RMLIMS property.
