Subject: Module on “Standard Precautions, Hand Hygiene and Biomedical Waste Management” for **all** the first year Clinical Senior& Junior Residents of our institute who joined in the year 2019 under Resident Development Program on 15th February 2020.

Dear HOD's,

The Academic Council meeting held on 22/12/18 had approved a mandatory module on “Standard Precautions, Hand Hygiene and Biomedical Waste Management” for all the **first year** Clinical Senior& Junior Residents of our institute under Resident Development Program. This once in a year held module organized by the department of Microbiology, Dr.RMLIMS is compulsory for the residents; there will be an MCQ based assessment at the end of the module. The pass certificate would be linked to eligibility for exit exam at the time of thesis submission of the Academic residents.

“Standard Precautions, Hand Hygiene and Biomedical Waste Management” are the corner stone of Infection Prevention and control. Lack of proper knowledge and awareness of this aspect may facilitate spread of infectious diseases at all levels in health care setting.

This year the module for the Post graduate residents who have taken admission in batch 2019 (Non academic/MD/DM/MCh/DNB) will be held from 02.00 PM to 3:30 PM on 15th February 2020 in the **Mini Auditorium of ground floor of Administrative block.**

You are hereby required to intimate the first year residents of your department and nominate them to attend the module course on the date mentioned.

The schedule of the module:

S.N	Topic	Speaker	Duration
1	Pre Assessment	Dr Manodeep Sen	10 Minutes
2	Standard Precautions	Prof Jyotsna Agarwal	25 Minutes
3	Hand Hygiene	Dr Manodeep Sen	20 Minutes
	Tea Break		
5	Biomedical Waste Management	Dr Manodeep Sen	25 Minutes
6	Post Assessment	Dr Manodeep Sen	10 Minutes

Thank you,

(Prof. Nuzhat Husain)
Dean
